

W6BHZ - The Big Hairy Zebra

# Join the Cal Poly Amateur Radio Club!

UU Box 53, Cal Poly  
San Luis Obispo, CA, 93407-0675  
(805)756-2737 [www.w6bhz.org](http://www.w6bhz.org)

**First Meeting: Thursday, Sept. 24<sup>th</sup> at 6:30pm**

Repeaters: 146.76MHz – PL127.3 and 442.3MHz + PL127.3

**What we do:** The club provides communications support for many events during the school year. Our biggest event is Wildflower, where we provide communications for the entire triathlon. We also participate in Field Day and in many other on-air contests. Our radio room is also an Emergency Communications Center for the San Luis Obispo ARES group, and we help with communications when major disasters strike the local area.

**Our Meetings:** Our first meeting of the year is September 24<sup>th</sup>! Come on down to the shack and meet the members and alumni. Meetings are typically the 1st and 3rd Thursday of the month. On the 2nd and 4th Thursdays of the month when there is no meeting we have a net (on-air meeting) on the repeaters. Join our mailing list for details.

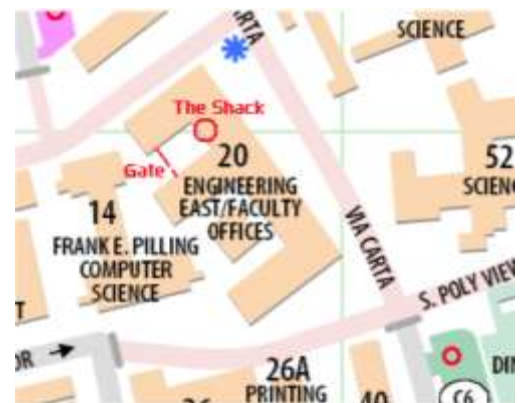

**Our Repeaters:** The club maintains two repeaters on top of the Administration Building on campus. They have excellent coverage throughout the campus and downtown. Hop on the air and say hi!

**Amateur Radio Licensing:** Don't have a license? Don't even know what that is? No worries! The Cal Poly Amateur Radio Club will be hosting a License-in-a-Day study and testing session during Fall Quarter for anyone to get their Amateur Radio License. Find out more at our 1<sup>st</sup> meeting!

**The Mailing Lists and Forum:** The club has several mailing lists where members regularly chat. The "local" mailing list is probably the most active and caters to people living in the San Luis Obispo area. Sign up for the mailing lists at the main W6BHZ webpage, or check out the forum at <http://forums.w6bhz.org>.

**Our Shack:** Located in the Engineering East Building 20 room 123 on campus. You can't get to the shack from inside Building 20; the best way is to get to the base of the tower. Go through the gate in the large brown fence along the walkway between Building 14 and 20.
