

Beach Hill

Purpose: Provide emergency communications, report the position of key race contestants as they pass the top of Beach Hill, and provide logistical support

Time to be In Position: 8:30am Saturday only

Primary voice frequencies: 146.730 - pl:127.3 and 444.550 + pl:141.3

Your Task:

You are located at the top of the Beach City Hill. The Long Course bike course comes up Beach Hill, and the Mountain Bike bike course comes off the dirt road from the water tanks. Report the following information to Control:

- First through Fifth male cyclists on both courses (with participant numbers)
- First through Fifth female cyclists on both courses (with participant numbers)
- Last male cyclist on both courses (with participant numbers)
- Last female cyclist on both courses (with participant numbers)
- Other status reports as requested by Control

Things to Remember:

- When you talk on the radio, please use your tactical callsign (Beach Hill). You will still need to identify with your proper callsign at the appropriate intervals.
- If you call for Control and do not get an immediate reply wait one minute and try again. Dispatch is very busy during the whole event.
- If you see a contestant drop out of the race, note the contestant number and relay that information to CIC.
- If you have emergency traffic, call for Control followed by your tactical call and the words "emergency traffic." For example, "Control, this is Beach Hill, Emergency traffic." Control will announce emergency traffic on channel and direct all units to hold traffic until the emergency is cleared. Please review First Aid document.

Things to have with you:

- Your complete information packet
- VHF or UHF handheld with extra batteries
- Drinking water for yourself and any other helpers
- Pad of paper and pen or pencil
- First Aid Kit (including latex gloves)
- Lunch, snacks, sunscreen, and a hat
